Interactive market management system

US Pat. 4799156 - Filed Oct 1, 1986 - Strategic Processing Corporation
A buyer may enter and **substitute** one or more RFQ's. 10 At the entry time the system validates the various **data** items, and calculates weight, volume, ...

Method of rendering a color image for an output medium from symbolic image data

US Pat. 5384901 - Filed Oct 22, 1992 - Xerox Corporation
Once a first set of modifications to the indexed color description **data** 84 has ... 4, to simultaneously **modify** all of the indexed color descriptions that ...

Pen cap stylus for use with touch screens

US Pat. 6227743 - Filed Jul 1, 1999
Background Art personal **data** device. tion have come into widespread use in ... as a **replacement** for stylus is lost, a **substitute** must be found promptly. ...

Method and apparatus for using a placement tool to manipulate cell ...

US Pat. 6701289 - Filed Jan 27, 1997 - Unisys Corporation
25 to **substitute** and/or **modify** the placement design database, ... and may not **modify** the placement of adjacent cells, some of the **replacement** cells may, ...

Method and system for creating, specifying, and generating parametric fonts

US Pat. 5586241 - Filed Jun 10, 1993 - Hewlett-Packard Company
Hints are small software functions (or routines) that **modify** a glyph outline prior ... an available font to **substitute** when a requested font is unavailable. ...

Broadcast interactive digital radio

US Pat. 6588015 - Filed Jan 14, 1998 - General Instrument Corporation
Assuming the amount of **data** in the subscriber's played **data** 1100 is the same as the amount of **data** in the non-paying user's played **data**, the **replacement** 5 ...

Modified proteins comprising controllable intervening protein sequences or ...

US Pat. 5834247 - Filed Mar 5, 1997 - New England Biolabs, Inc.
The **data** were used to **substitute** ... These results show that the splice junction cassette **replacement** method can be utilized to **modify** the splice junctions ...

Generating and storing electronic fonts

US Pat. 4594674 - Filed Feb 18, 1983 - International Business Machines Corporation
This **replacement** is necessary to provide **data** integrity. ... can **modify** the character arrangement table to **substitute** certain graphic characters for graphic ...

Reproduction of secure keys by using distributed key generation data

US Pat. 4864615 - Filed May 27, 1988 - General Instrument Corporation
The authorization **data** is in the clear, but is used to alter the 55 secret keys
